COMPANY PROFILE

ABC Cinema adalah sebuah perusahaan yang bergerak pada bisnis bioskop yang memelopori jaringan cineplex di seluruh Indonesia. ABC Cinema telah berdiri kurang lebih selama 10 tahun dari tahun 2011. ABC Cinema sekarang ini memiliki 35 cabang di seluruh Indonesia. 20 diantaranya berada di pulau Jawa, 5 di Kalimantan, 5 di Sulawesi, dan 5 lagi berada di Papua.

ABC Cinema didirikan dengan tujuan agar bioskop di Indonesia lebih dapat tersebar dan masyarakat Indonesia lebih dapat menikmati film-film yang ada dengan harga yang terjangkau. COMPANY BUSINESS PROCESS

Secara sekilas,

Cinema ABC melayani pembelian tiket secara *walk-in*.

Customer dapat melihat list film yang diadakan melalui layar lebar yang ada di gedung bioskop.

Staff akan menunjukkan kursi yang tersedia pada setiap jam tayang film tersebut.

Customer dapat melakukan pembelian satu film dalam satu transaksi, namun bisa membeli banyak kursi

Pembayaran booking dapat dilakukan melalui tunai, card, maupun ewallet

Setelah booking berhasil, sistem akan mengurangi jumlah kursi yang tersedia dan merekam pemesanan.

PROBLEM STATEMENT

Terkadang terdapat kursi yang telah dibeli oleh pelanggan, namun masih dapat dibeli lagi oleh pelanggan lainnya

Data staff/karyawan terkadang tidak tersimpan dengan benar dan tepat.

DATABASE PLANNING

Aktivitas perencanaan sistem database untuk Sistem Informasi Manajemen Bioskop ABC dapat terealisasi dengan baik dan efisien dengan melakukan dua langkah dalam database planning, yaitu mendefinisikan mission statement dan mission objectives.

Tujuan dari pembuatan sistem basis data pada Sistem Informasi Manajemen Bioskop adalah untuk mempermudah dalam mengorganisir dan memproses dalam melakukan pengelolaan data pada setiap cabang bioskop, seperti transaksi penjualan tiket pada setiap bioskop. Sehingga nantinya tiket yang terjual dapat ter-update secara real-time.

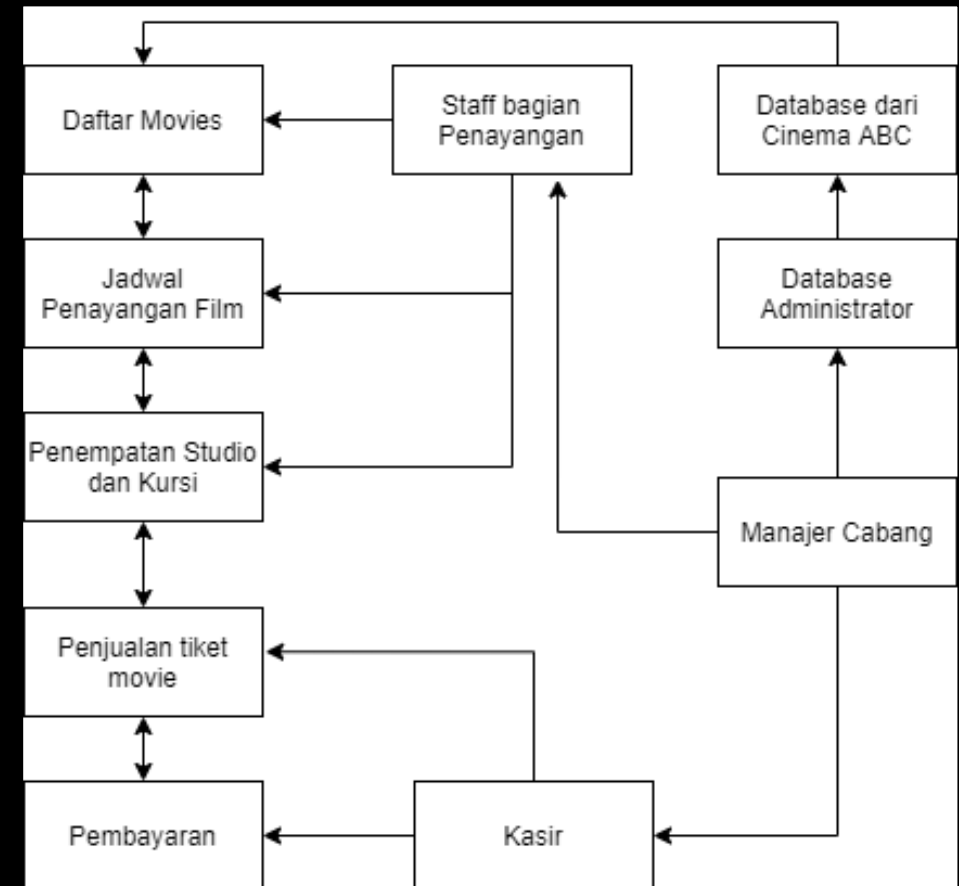

Mission Objectives: outline yang akan dilakukan untuk mencapai misi, seperti CRUD pada bagian2 entitas yang tersedia
